About This Content

The challenges of modern Union Pacific freight mainline, local, and switching duty all await you in Peninsula Corridor: San Francisco - Gilroy Scenario Mini-Pack 02!

Peninsula Corridor: San Francisco - Gilroy Scenario Mini-Pack 02 features five diverse career scenarios based on authentic Union Pacific freight operations. You'll take the throttle of Union Pacific's versatile Electro-Motive GP38-2 road-switchers to handle switching in tight port and pier urban settings, hustle tonnage over the Peninsula Corridor route main line, and work a local job on a rural California branch line.

Traditionally a part of the Southern Pacific, the [Peninsula Corridor: San Francisco – Gilroy Route](#) is now home to busy Caltrain commuter operations and freight services provided by railroading giant Union Pacific. The route extends 90 miles south from San Francisco and includes a portion of the UP's Coast Line route from Gilroy to Carnadero Junction, and the UP Hollister Branch from Carnadero Junction to Hollister, California.

Developed by noted scenario author Gary Dolzall and High Iron Simulations, Peninsula Corridor: San Francisco - Gilroy Scenario Mini-Pack 02 will provide you with the memorable challenges of switching duty in San Francisco's busy urban pier district, working the expansive Port of Redwood City, journeying along the bucolic Union Pacific Hollister Branch, and hustling tonnage over a portion of UP's famed Coast Line!

Note: Caltrain commuter operations for the route are also available and featured in the separately available [Peninsula Corridor: San Francisco - Gilroy Scenario Mini-Pack 01](#).

Take the throttle for realistic, challenging, and diverse Union Pacific freight operations – with Peninsula Corridor: San Francisco - Gilroy Scenario Mini-Pack 02!

Included Scenarios
